Brooch with Coral - Hans Przyrembel, circa 1930

This brooch, created circa 1930, shows more of the playfulness of art deco than the strictness of Bauhaus. Surely, the brooch was manufactured in different variations. Our remake is a coral, set in white gold, with blue and red enameled flutes.

L: 2.3"

Au: 10g. 18 Karat (750)

Coral 11x5mm

Edition of 100
