Gold brooch - Gyula Pap, circa 1922

Among the earliest designs (1922) by Gyula Pap is this jewelry brooch, which he designed while working at the Bauhaus. The original has survived and is in the possession of Mrs. Lenke Haulisch, Pap's widow. Segments of spheres of different sizes are the formal elements. The smallest is silver, the middle one a reddish gold, and the largest a bright gold.

Dia: 2.57"

Au: 53g 18 Karat (750)

Edition of 100
