De Stijl Bedside Lamp - Holland, circa 1930

The light source is hidden behind a vertical cylinder, standing on a round base. Behind the cylinder is an asymmetrically mounted, adjustable, white lacquered disc, which spreads a soft light.

**DS 36 Chr**

Chrome plated metal parts, white lacquered reflector.

**DS 36 M**

Polished and varnished brass, white lacquered reflector.

Each lamp is consecutively numbered and bears this logo: TECNOLUMEN
