Silver Plate - Gyula Pap, circa 1928

As a basis for our reproduction we had a model and the original design drawing. The earlier version of the bowl, made of German Silver (alpacca) has been taken out of our collection; only this edition, limited to 100 pieces and made in sterling silver, will be produced.

Dia: 12.48"
Ag: 1300 g (925)
Edition of 100
